Dear Prospective Member,

I would like to cordially invite you to come and see all that Point O' Woods Golf & Country Club has to offer.

The Point provides the perfect oasis from the crowds during Southwest Michigan's busy summer months. Our club event calendar is filled with social activities for adults, children and families. Come to The Point for a wine tasting with friends. Take part in themed events featuring great food and activities. Relax on the patio in the comforts of your club listening to the sounds of a local musician. Play a little tennis or Pickle Ball. Bring the family out to enjoy a holiday brunch, Labor Day games and fireworks, Trick or Treating and pictures with Santa. Golfers will enjoy every walk or ride around a highly ranked, world class, Robert Trent Jones Sr. designed golf course.

This season Point O' Woods is offering a dues only, 2018 "trial" golf membership. A "trial" membership allows prospective members to join the club for a season and have all the benefits of membership by paying annual dues while deferring the requirement of equity & initiation. After the "trial" is over, prospective members may complete their membership by paying the equity & initiation or simply walk away with no further commitment. Contact me at any time at (269) 944-0175 or at mflaherty@pointowoods.com if you would like more information or to schedule a visit to preview the course and Club.

Championship Golf with Family and Friends. Join Us.

Best Regards,
